

# Square Wine Cork Pedestals

The bold grain of the frames coupled with the texture of the wine corks makes our pedestals pleasing to look at and irresistible to touch. Variations in base and tops convert our pedestals to adapt to a variety of purposes limited only by your own creative imagination. Standing alone or grouped together, the variety of shapes and sizes make stylish accent or center pieces, candle holders, plant stands or vases for dried or fresh flower arrangements.

The pieces shown are individually hand crafted and made with American red oak frames stained in a provincial oak color then filled with re-purposed wine corks. Prior to filling, the entire frame is covered with an environmentally safe water-based clear satin finish.

Our pedestals make multi-functional, unique and thoughtful gift ideas that are made to last for generations.

# WCP45 Wine Cork Pedestal- Small

# WCP6 Wine Cork Pedestal- Medium

# WCP8 Wine Cork Pedestal- Large

All square pedestals can be fitted with a choice of square or round base and top profile combinations for mixing or matching to suit your applications. Vase top conversions for wet and dry applications are also available. Optional wood types and stain colors are available that may impact pricing.

# WCPHS Wine Cork Pedestal- Sm. Horizontal

# WCPHL Wine Cork Pedestal- Large Horizontal

## Use and Care

Clean/dust with a damp cloth occasionally. Do not immerse in water. The clear satin finish is water resistant, not water repellent. However, wet vase inserts are designed to hold water. No other care for the cork is required.
